

Urgent Field Safety Notice (FSN)
Sterile Optical fibers - FIELD SAFETY NOTICE FSCA-02-2021

Samarate, 16/04/2021

This letter contains important information which require your **immediate attention**.

Dear Valued Customer,

We, Quanta System SpA, are conducting a Field Safety Corrective Action concerning the lots of optical fibers mentioned in the **Annex 1 “List of Impacted Batches”** to this letter.

Explanation of the issue

Quanta System SpA is the legal manufacturer of optical fibers intended to be used in conjunction with laser devices. Those products are supplied to the market in sterile status, following the Etylene Oxide sterilization process performed overtime by Steril Milano Srl, one of the largest EO sterilization service providers in Italy.

Quanta System SpA received reports from Steril Milano informing about deviations of sterilization process parameters conducted by Steril Milano.

According to our investigation, supported by an expert consulting company, we have identified certain batches for which we are unable to guarantee the primary sterility, even though, for the time being, based on our test results, we have no evidence of non-sterile status of the goods. Those batches are listed in the attached **Annex 1 “List of Impacted Batches”**.

As the failure may have impacted the primary sterilization process, only unused and originally packed devices are concerned. Fibers already in use and resterilized by the customer are safe and not affected by this field action.

Clinical Impact

The use of non-sterile devices in the clinical setting could lead to an increased risk of patient infection.

Quanta System SpA was never notified about any adverse events or serious patient harm to date that could be associated to this field safety corrective action. No specific patient follow-up activities are required if the product has already been used.

**All the optical fiber baches identified as potentially not sterile delivered to your Company
are listed in the Annex 1 “List of Impacted Batches of the present FSN”.**

Action required by Distributors and Economic operators:

1. Immediately **Stop the delivery, identify and quarantine** all goods belonging to the list in **Annex 1 “List of Impacted Batches”**, still available at your premises.
2. Circulate this Field Safety Notice to all those in your organization, that need to be made aware. If you have further distributed the product, please identify those facilities, and forward this notification to them immediately, communicating to each Hospital the detail list of goods subject to this action that they have received from you, using the template in **Annex 2 – template letter from distributors to hospitals**. Please make sure to fill in the **table A1** mentioning for each hospital the precise part numbers and batches that they have received. Should a translation to your national language be needed, please proceed translating it as appropriate.

3. Fill in and sign the acknowledgment letter provided in the **Annex 3 “Acknowledgment Letter for Distributors”**, specifying the number of quarantined devices, including their lot number and part number and return it to Quanta System sending an email to FSCA@quantasystem.com as soon as possible or no later than 5 calendar days from the receipt of this letter.
4. Quanta System will contact you to organize the return of such goods.

Quanta System will replace the products as soon as possible.

Action required by Hospitals and healthcare facilities:

1. Immediately **Cease use, identify and quarantine** all goods belonging to the list communicated by the distributor in **table A1**, still available at your premises, that are unused (new, in the original packing).
2. Fill in and sign the acknowledgment letter provided in the **Annex 4 “Acknowledgment Letter for Hospitals and healthcare facilities”** specifying the number of quarantined devices, including their lot number and part number and return it to Quanta System sending an email to FSCA@quantasystem.com as soon as possible or no later than 5 calendar days from the receipt of this letter.
3. Wait for further directives from Quanta System for the treatment of such goods.

Corrective Actions in progress

Quanta System is working to qualify a new sterilization facility for its Laser Fibers.

Contact Reference Person

If you have any question about this Field Action, please contact Quanta System customer service at telephone number +390331376797 or mail FSCA@quantasystem.com.

We confirm that the appropriate regulatory agencies have been informed of these actions.

Once again, our primary objectives are patient safety and user safety.

We are conscious to have undertaken a conservative approach to this issue, while issuing this FSCA.

We trust your understanding and full support to our actions and apologize for the inconvenience this situation may cause to you and your clients.

Thank you in advance for helping us to resolve this matter as quickly and effectively as possible.

We remain at your disposal for any further recommendation or request

Yours faithfully

Quanta System SpA
Girolamo Lionetti
General Manager
Quanta System SpA
